## About This Game

Unwind and enjoy the slow life in Yonder: The Cloud Catcher Chronicles, a relaxing open-world adventure game.

Yonder is set in the world of Gemea. A natural island paradise with eight distinct environments ranging from tropical beaches to snow-capped summits.

But Gemea is not as perfect as it seems. The mysterious Murk has taken hold of the land!

As the hero of Gemea, you can seek out the hidden and whimsical creatures known as Sprites. Use their power to clear the Murk and restore nature's beauty.

As you explore Gemea, you can barter with friendly locals, discover unique materials to craft with, befriend the adorable wildlife and even create your own working farm.

---

Yonder offers a world to lose yourself in; a world filled with the wonder of discovery and the spirit of adventure.

## **Features:**

- A vibrant open world full of things to discover and places to explore.
- Set your own pace; trail-blaze across the world or settle down for a spot of quiet fishing and farming.
- Extensive character customization.
- Master professions like carpenter, chef, tailor and more to help the residents of Gemea.
- Craft and trade items to solve puzzles as you banish the murk from the island.
